## RPG-7 DEACTIVATED ROCKET LAUNCHER

"A MUST HAVE FOR MILITARIA COLLECTORS"

The Russian RPG-7 is probably the most widely-produced, portable, rocket-propelled, 40MM grenade launcher in the world. It shoulder fires a wide variety of warheads, most capable of a maximum effective range of 920 meters (1000 yards). We are pleased to offer these original, fully-inert,

RPG-7 rocket launchers, which have been properly deactivated as per ATF regulations. They feature a complete, operable trigger housing, pistol grip, flip-up sights, heat shields, scope rail, rear deflector flange and a sling. Condition is very good to excellent. Each launcher measures 37-1/2" long and weighs 14 lbs. Quantities are limited. Note: Rear flange may include minor dents in some cases.

ITEM#SGN0611-01 \$999.00

## ENFIELD NO. 32 MKII SNIPER SCOPE & ACCESSORIES

High-quality, reproduction, of the original WWII No. 32 MKII 3.5 power scope. Manufactured using original drawings and high-tech optics machinery. Scope comes with a factory pre-setting of zero/300 yards. We are offering the scope and accessories individually, or for even greater savings, you can purchase a scope & accessory combo set, which includes the scope, mount, storage case, adjusting tool and leather lens cover. With a retail value of over \$900.00, you save more than \$160.00. We also carry the scope mount base set and walnut cheekpiece, which are not included in the combo set. Note: Leather Our web site photo shows a scope mounted on an original No. 4T sniper rifle for visual purposes only.

## REMINGTON 1858 .22 RIMFIRE KIRST KONVERTER

This is the newest addition to the Kirst Cartridge Konverter line. If you own a Pietta brand Remington 1858 cap and ball revolver in .44 or .45 caliber, you can now fire inexpensive .22 LR ammunition. Simply replace your black powder cylinder with the Kirst Konverter cylinder and start plinking. Easy installation with no gunsmithing required. This is not a permanent conversion. The Kirst Konverter allows you to easily switch from black powder to 22LR and back to black powder. The .22 Konverter is manufactured in the U.S.A. from heat-treated 4140 steel. It features a non-rotating plate, which operates with the use of a spring-loaded firing pin. The cylinder can be safely installed on both brass or steel frame models. Complete instructions are included. This .22 Konverter will not function in Uberti brand Remington 1858 revolvers. Note: As per ATF guidelines, black powder handguns are not considered a firearm. Installation of the Kirst Cartridge Konverter will result in re-classification as a firearm. Check your state and local laws regarding handgun registration. No FFL required.

ITEM#SGN0611-10 \$290.00
